Dear April,

On behalf of PAWS of Coronado, I would like to take this opportunity to thank you and your staff for including our organization as a recipient of the Presents 4 Pets event on November 21, 2009. It was our honor to be selected and participate with other rescue groups that day.

It was an enjoyable afternoon with so many well-behaved dogs and their dedicated owners! We appreciated the generosity of the Sheraton Carlsbad in hosting such a terrific "Yappy Hour". It is a tribute to your company that you were able to donate your time and efforts to such a community event. Such drives as this continue to raise the awareness of challenges that rescue groups and shelters face at this time.

PAWS of Coronado continues to appreciate your involvement in these community programs and we look forward to joining you next year with some of our own dogs!

Sincerely,

Janice Szumowski
